TENONS: The Environmental Network Of North Somerset

**THE  
ENVIRONMENTAL  
NETWORK OF  
NORTH SOMERSET**

As a networking group, TENONS aims to encourage people, communities, businesses and organisations in North Somerset to live in accordance with the Principles of Agenda 21, an Action Plan agreed at the Earth Summit Conference held in Rio 1992, and in such a way as not to compromise the ability of future generations of people to meet their own needs.

We aim to raise levels of awareness, knowledge and understanding of these Principles, encouraging active participation in their achievement:-

With an exciting and up-to-date website to promote our own projects and to sharing with other groups and organisations to advertise their news and events. See [www.tenons.org.uk](http://www.tenons.org.uk)

With regular open meetings with guest speakers on matters of concern and interest and with details of speakers and venues advertised on our website.

With a newsletter available for all our members in hard copy or sent by e-mail.

By attending committees and meetings both local and national.

The Group is an independent organisation working within the terms of our constitution.
